TIPS AND TRICKS

Follow some of these useful tips and tricks to get the most out of your premier portrait session.

- ☑ If you are wearing heels, please bring a pair of comfortable, slip on shoes to switch into. This will make it easier for you walk between locations and maximize your time in the park or resort.
- ☑ Please remember to eat something before your session
- ☑ Hydrate! Bring a water bottle with you on your session. Florida weather can still be very hot and humid early in the morning.
- ☑ You may want to have your bouquet refreshed for your Portrait Session. Your Disney Floral Events Manager will be able to assist you.
- ☑ Prioritize your favorite locations and make sure that you communicate this with your Photography Coordinator
- ☑ The pavement will be wet from overnight cleaning. Your dress might be dirty and/or wet after the session concludes.
